BOOK SYNOPSIS

Language has been the biggest help to human progress. But, ironically, language has also become the barrier to its own development. We are locked in to words and concepts that are limited and out of date. These force us to see the world in a very old-fashioned way. Like any self-organizing system, language has become bogged down in its own equilibrium.

THE DE BONO CODE BOOK - Are you looking for Ebook The De Bono Code Book? You will be glad to know that right now The De Bono Code Book is available on our online library.
